

J U K E

Nissan Juke  
with Hybrid technology.  
Bold, electrified and powerful.

Introducing the electrified Nissan Juke, the Hybrid Crossover that puts the adventure back in urban driving. At first sight, its bold design is meant to turn heads. Once inside, you'll be captivated by the premium details and our advanced technologies. Press the accelerator pedal and feel the smoothness of the electric motor, as well as the powerful petrol engine for a responsive ride.

*Images and descriptions shown are for guidance purpose. In some instances photos are of non-local specification vehicles and do not represent a specific model, grade or offer. The features shown may not be available or may not be available as standard or only as option.*

## Cutting edge design from every angle

Four doors, one irresistible design. From the V-motion grille to the 3D Boomerang lights in the rear, the Nissan Juke Hybrid is designed to be bold. Its sharp lines and distinctive floating roof, inspired by the iconic Nissan GT-R and Z.

V-motion

Wheel

*Features available depending on grade.*

## Thoughtful design

The Nissan Juke's interior is designed around you – with high quality finishes, ergonomic controls and ambient lighting designed to put you in the mood for driving. The intuitive, layered cockpit design helps to keep you in control and ready to enjoy the drive.

Up to  
21%\*  
fuel optimisation in  
combined drive\*\*

\*Comparison made between Nissan Juke Tekna+ DIG-T 114 DCT and Nissan Juke Tekna+ Hybrid 143.  
\*\*Nissan Juke Tekna+ DIG-T 114 DCT: fuel consumption combined mpg (l/100 km): 45.6 (6.2); CO<sub>2</sub> emissions combined (g/km): 140. Nissan Juke Tekna+ Hybrid 143: fuel consumption combined mpg (l/100 km): 57.6 (4.9); CO<sub>2</sub> emissions combined (g/km): 112. Vehicles have been homologated in accordance with WLTP test procedures. WLTP figures shown are for comparability purposes. Actual real world driving results may vary depending on factors including weather conditions, driving styles, vehicle load or any accessories fitted after registration.

## Hybrid Powertrain

Yes, a hybrid can be thrilling. This hybrid powertrain automatically selects the most efficient power source between the electric motor, the petrol engine or a combination of the two, for optimal performance and efficiency. Juke Hybrid runs predominantly in electric mode for city driving, with immediate reactivity and smoothness to throttle inputs. Its cabin space is quiet even on busy streets.

### e-Pedal Step

e-Pedal Step is unique to Nissan and gives you the option to accelerate and decelerate effectively with just the accelerator pedal at speeds above 7 mph. Leaving the brake pedal for harder braking and coming to a complete stop.

### Smart multi modal hybrid gearbox

Nissan Juke comes with an advanced low friction multi-mode gearbox that provides optimal use of power, whether electric, petrol engine, or both.

## Petrol Engine

In addition to the hybrid powertrain, the Nissan Juke is also available with 1.0-litre lightweight internal combustion engine. The electronically charged turbocharger and reduced friction design gives smooth and responsive power, while the ECO mode delivers greater efficiency. Available with manual or DCT automatic transmission.

## Stay connected\*

Download the NissanConnect app for your Home to Car virtual personal assistant powered by voice-activated software, compatible with Alexa devices. You can remotely unlock the doors, flash the lights and more. Advanced smartphone connectivity keeps you seamlessly connected to the world around you.

Scan the code to download the NissanConnect Services app now and connect it to your New Nissan.

## Listen up with Bose® Personal® Plus\*

Listen to your favorite tracks in this fully customisable, 360° listening experience through Bose® Ultra Nearfield speakers built into the front headrests. Strategically placed speakers help enhance the sound for an ultimate listening experience.

360°  
Sound System

10 High  
Performance  
Bose® Speakers

\*Not all features are available on all grades. NissanConnect Services are standard from Acenta grade upwards. To use NissanConnect Services you need a smartphone with compatible iOS or Android operating system, and a SIM card with a data option from a mobile service provider. Download the free NissanConnect Services app and create an account. Connect your smartphone with your vehicle equipped with NissanConnect Services by logging in using your username and password. All services are subject to mobile network coverage. NissanConnect Services available for an additional charge on subscription after the 3<sup>rd</sup> year. For further information, visit Nissan.co.uk or contact your local Nissan Dealer.

\*Bose® Personal® Plus\* System is standard from Tekna grade.

## Confidence at every turn

With Nissan ProPILOT Assist\*, you're never on your own. Standard from DCT Tekna and an option on DCT N-Connecta, it works in the background, helping you to keep an eye on the road. You just drive the way you always drive, but know that the Nissan Juke is ready to help with braking, steering or accelerating to help keep you safe, on track and in control when it really counts.

### INTELLIGENT CRUISE CONTROL

Ensures your safety, by measuring the space from the vehicle ahead, controlling acceleration and deceleration to automatically maintain a suitable following distance within your set speed\*\*.

### INTELLIGENT LANE INTERVENTION

Helps keep you in the centre of your lane, and stops you if you start to drift across the white line\*\*.

### INTELLIGENT BLIND SPOT INTERVENTION

Alerts you if there's a vehicle in the blind spot area on either side of the car and helps bring you back into line to avoid collisions\*\*.

### INTELLIGENT EMERGENCY BRAKING WITH PEDESTRIAN RECOGNITION

Brakes to help reduce low-speed collisions with vehicles, pedestrians or cyclists\*\*.

\*ProPILOT Assist is an Advanced Driver Assist technology but cannot prevent collisions. ProPILOT Assist is intended for "Eyes on/Hands On" for highways only (road separated by barriers). It is the driver's responsibility to stay alert, drive safely and be in control of the vehicle at all times. For more information, please refer to the owner's manual or visit [www.nissan.co.uk/techterms](http://www.nissan.co.uk/techterms)

\*\*You should not rely solely on driver convenience features. Some features may not work in all conditions and circumstances. Speed and other limitations apply. For terms and conditions relating to Nissan technologies, please contact your Nissan dealer or [www.Nissan.co.uk](http://www.Nissan.co.uk)

## Intelligent around view monitor\* Park like a pro\*\*

You'll love the Nissan Juke with Around View Monitor that gives you a 360° view of your car, with selectable focus on the front, rear and kerbside view to help you park with confidence and control.

\*Intelligent Around View Monitor is standard from Tekna grade and an option on N-Connecta grade. \*\*It is your responsibility to stay alert, drive safely and be in control of the vehicle at all times. Driver assist features have speed and other limitations and should not be solely relied on. For further information, please refer to the owner's manual or visit [Nissan.co.uk/techterms](http://Nissan.co.uk/techterms)

## Fit for your life

Whether loaded with people or gear, your Juke is roomy and versatile to fit all the fun that awaits. An easy-fold split rear seat increases the Nissan Juke boot size so that you can carry larger items, whatever that may be.
