You can also find out more about the BMW X4 online: just download the BMW Brochures app for your device, and select the model you're interested in.

Internet use, depending on your mobile contract, may incur costs.

THE BMW X4.

THE MODEL SHOWN.

- 04 BMW X4 xDRIVE35d WITH THE M SPORT PACKAGE:** BMW TwinPower Turbo six-cylinder in-line diesel engine with 230kW (313hp), 20" M light alloy wheels Double-spoke style 310 M with mixed tyres, exterior colour Melbourne Red metallic, seats in leather 'Nevada' Ivory White with Sport Red contrast stitching, interior trim in Fine Brushed Aluminium.

Further information on fuel consumption and CO₂ emissions can be found on pages 48 | 49 or consult your BMW partner.

INNOVATION AND TECHNOLOGY.

- 18 BMW TWIN POWER TURBO ENGINES:**
At the heart of BMW EfficientDynamics.
- 20 BMW EFFICIENT DYNAMICS:**
Maximum driving pleasure, minimum fuel consumption.
- 22 BMW CONNECTED DRIVE:**
Services & Apps and driver assistance.
- 24 CHASSIS:**
Innovative systems for more driving pleasure.
- 26 SAFETY:**
State-of-the-art technology.

INDIVIDUALITY AND VERSATILITY.

- 30 EQUIPMENT PACKAGES:** BMW xLine, M Sport package and BMW M Performance Automobiles, equipment highlights, wheels and tyres and Original BMW Accessories.
- 44 COLOURS:** Exterior and interior colour schemes.
- 48 TECHNICAL DATA:** Vehicle weight, engine, transmission, driving performance, fuel consumption, wheels and technical drawings.
- 50 BMW SERVICE:** BMW Service, BMW Financial Services and BMW Experience.

The BMW X4 really stands out from the crowd. Its striking design makes a statement that blends lifestyle and performance. It's an outstanding combination of power and style that holds you spellbound and lets the BMW X4 defy categories.

UNLEASH CHARACTER.

EXPERIENCE ALL OF THE HIGHLIGHTS
IN THIS SHORT VIDEO.

It combines two qualities never offered together in this segment before: The BMW X4 fuses the quintessential power of an X model with the aesthetics of a classic coupé. With its dynamic contours and coupé-style silhouette, it transforms every road into a stage on which it is the undisputed star of the show.

**THE NEW
X SYMBOL.**

The distinctive design of the BMW X4 is a guaranteed head-turner. Its double round headlights and wide kidney grille define the front of the BMW X4 and imbue it with powerful contours that exude outstanding self-confidence.

**DAZZLING BY
DESIGN.**

TAKE THE WHEEL AND TAKE COMMAND.

As the driver of the BMW X4, you are always in control: its cockpit is completely geared to the driver and enables intuitive operation. The optional full-colour BMW Head-Up Display ensures you can always keep all relevant information in view. In the rear, generous space, high-quality materials and a bench with two-seat look provide passengers with a dynamic yet comfortable ride experience.

SUBTLY ATTRACTIVE.

From the moment you get behind the wheel of the BMW X4 you can feel its impressive power and outstanding driving dynamics, all geared towards delivering an exceptional driving experience. Lavish in performance, it's distinctly lean when it comes to fuel consumption and emissions thanks to cutting-edge EfficientDynamics technologies and its aerodynamic design.

INNOVATION AND TECHNOLOGY.

BMW TWIN POWER TURBO ENGINES: At the heart of BMW EfficientDynamics.

BMW EFFICIENT DYNAMICS: Maximum driving pleasure, minimum fuel consumption.

BMW CONNECTED DRIVE: Services & Apps and driver assistance.

SUSPENSION: Innovative systems for more driving pleasure.

SAFETY: State-of-the-art technology.

BMW TwinPower Turbo engines. At the heart of BMW EfficientDynamics.

Thanks to BMW TwinPower Turbo technology, the innovative new generation of BMW petrol and diesel engines from the BMW EfficientDynamics engine range guarantee even more thrilling power delivery and excellent responsiveness even at low engine speeds, while also keeping fuel consumption and emissions to a minimum. Increased efficiency and optimal dynamics make driving a BMW more enjoyable than ever.

BMW TWIN POWER TURBO SIX-CYLINDER IN-LINE DIESEL ENGINE xDRIVE35d.

The high-performance **six-cylinder in-line xDrive35d diesel engine** with BMW TwinPower Turbo technology is a real highlight in the BMW X4. Dynamic power delivery coupled with outstanding efficiency are its defining hallmarks. This is thanks to the innovative technology package from BMW EfficientDynamics – which combines the latest generation of CommonRail direct injection and a two-stage turbocharger with variable turbine geometry. The highly efficient **BMW TwinPower Turbo four-cylinder xDrive20d diesel engine** is another particularly attractive engine: Power, torque and performance are the distinguishing features of this new generation of diesel engines.

BMW X4 xDrive35d.

- BMW TwinPower Turbo six-cylinder in-line diesel engine with 230kW (313hp) and 630Nm of torque
- Acceleration 0–100km/h: 5.2 seconds;
- Top speed: 247km/h
- Combined fuel consumption: 6.0l/100km¹
- CO₂ emissions: 157g/km¹

BMW X4 xDrive35i.

- BMW TwinPower Turbo six-cylinder in-line petrol engine with 225kW (306hp) and 400Nm of torque
- Acceleration 0–100km/h: 5.5 seconds;
- Top speed: 247km/h
- Combined fuel consumption: 8.3l/100km¹
- CO₂ emissions: 193g/km¹

BMW X4 xDrive30d.

- BMW TwinPower Turbo six-cylinder in-line diesel engine with 190kW (258hp) and 560Nm of torque
- Acceleration 0–100km/h: 5.8 seconds;
- Top speed: 234km/h
- Combined fuel consumption: 5.9–6.1l/100km¹
- CO₂ emissions: 156–159g/km¹

BMW X4 xDrive28i.

- BMW TwinPower Turbo four-cylinder petrol engine with 180kW (245hp) and 350Nm of torque
- Acceleration 0–100km/h: 6.4 seconds;
- Top speed: 232km/h
- Combined fuel consumption: 7.3–7.4l/100km¹
- CO₂ emissions: 169–172g/km¹

BMW X4 xDrive20d.

- BMW TwinPower Turbo four-cylinder diesel engine with 140kW (190hp) and 400Nm of torque
- Acceleration 0–100km/h: 8.0 seconds;
- Top speed: 212km/h
- Combined fuel consumption: 5.4–5.5 [5.2–5.3]l/100km¹
- CO₂ emissions: 142–145 [136–139]g/km¹

BMW X4 xDrive20i.

- BMW TwinPower Turbo four-cylinder petrol engine with 135kW (184hp) and 270Nm of torque
- Acceleration 0–100km/h: 8.1 seconds;
- Top speed: 212km/h
- Combined fuel consumption: 7.2–7.3l/100km¹
- CO₂ emissions: 168–171g/km¹

BMW X4 M40i.

- M Performance TwinPower Turbo 6-cylinder inline with 265kW (360hp) and 465Nm of torque
- Acceleration 0–100km/h: 4.9s;
- Top speed: 250km/h²
- Combined fuel consumption: 8.6l/100km¹
- CO₂ emissions: 199g/km¹

powered by 

BMW EFFICIENTDYNAMICS.
LESS EMISSIONS. MORE DRIVING PLEASURE.

¹ Fuel consumption and CO₂ emissions are affected by the selected wheel and tyre sizes. For more information please see pages 48/49 or consult your BMW partner.
² Electronically limited.

The figures for output, fuel consumption and CO₂ emissions refer to vehicles with standard transmission. Values in [] refer to the BMW X4 xDrive20d with the eight-speed Steptronic transmission.

BMW EfficientDynamics

Less emissions. More driving pleasure.

Whether its maximum performance or minimum consumption – with BMW, everything revolves around the renowned BMW sheer driving pleasure. BMW EfficientDynamics is the BMW strategy for minimising fuel consumption and CO₂ emissions while at the same time maximising dynamism and driving pleasure. It is a package of measures that cover the drive, the energy management system, and the vehicle design – as standard, in every BMW.

SPORTY AND EFFICIENT: THE EIGHT-SPEED STEPTRONIC SPORT TRANSMISSION.

The **eight-speed Steptronic sport transmission** adapts to suit your individual driving style. Its range is perfect for everything from comfortable coasting through to a very dynamic driving style. In SPORT mode, the gear shifts are configured for maximum performance. And even when the gears are changed manually via the gear selector lever or steering wheel gearshift paddles you can rest assured – the eight-speed Steptronic sport transmission delivers maximum efficiency and incredibly smooth gear shifts.

DRIVE TRAIN.

The BMW TwinPower Turbo technology concept is used in all **BMW petrol engines**. Innovative turbocharger technology combined with High Precision Injection and the fully variable Valvetronic valve control system including Double-VANOS all improve performance, provide exceptional responsiveness even at low engine speeds and help to reduce fuel consumption.

The BMW TwinPower Turbo technology in the **diesel engines** combines the latest fuel injection technologies and fully variable turbine geometry with innovative turbocharger technology for enhanced efficiency and a more dynamic performance. All diesel models feature lightweight aluminium construction and are equipped with a zero-maintenance particle filter.

OVERALL CONCEPT.

An array of high-tech materials are used to build the BMW X4, including lightweight materials like aluminium in the suspension and front of the car, high-strength steel in the car body, as well as state-of-the-art plastics and magnesium. The **BMW EfficientLightweight** solutions lower the weight of various parts and make the car body incredibly rigid, improving passive safety for the driver and passengers. The balanced weight distribution between the front and rear axles also enhances driving dynamics.

ENERGY MANAGEMENT.

The **ECO PRO mode** helps the driver reduce consumption by up to 20 percent, depending on driving style. Another five percent of savings potential can be achieved by using the coasting function (only with the 8-speed Steptronic transmission or 8-speed Steptronic Sport transmission), the Route-Ahead assistant and ECO PRO route (both with the Navigation system Professional only).

The **Automatic Start/Stop function** switches off the engine when the vehicle comes to a temporary standstill (e.g. at traffic lights or in a traffic jam) to further reduce overall fuel consumption. When the driver presses down on the clutch (manual transmission) or takes their foot off the brake (Steptronic transmission), the engine automatically starts up again in a fraction of a second.

With **Brake Energy Regeneration**, the alternator generates electricity primarily when the driver brakes or takes their foot off the accelerator. Previously unused kinetic energy is transformed into electrical energy and fed into the battery.

Unlike conventional hydraulic steering systems, **Electric Power Steering** only uses energy when the steering wheel is actually being turned. When driving straight ahead, the electric motor remains inactive.

BMW ConnectedDrive

So connected, you're free.

Our world is becoming more closely connected every day. BMW drivers are used to the fact that their vehicle and their world are connected – that they can request information, communicate via telephone or email and always be up to date while they're on the go. The BMW ConnectedDrive concept¹ encompasses all the services and innovative technologies that link BMW vehicles and their passengers to the outside world and surrounding traffic.

The equipment option **ConnectedDrive Services*** offers the driver a wide range of information, entertainment and service features on the road.

It also includes BMW Online, which enables access to current, localised information such as weather, news and an online search powered by Google™, as well as various office functions. You can also combine individual services and features such as webcams, fuel price info, parking information, travel and hotel guides in the "Applications" menu.

The secure and comfortable use of selected smartphone applications is also included for an unlimited period of time. The ConnectedDrive Services option also includes access to the **BMW ConnectedDrive Store**, in which services and apps can be booked, extended and selected according to individual needs, at any time and from any place. The ConnectedDrive Services option also offers much more to make each journey in a BMW into a real experience.

BMW ConnectedDrive encompasses a wide range of intelligent services and assistance systems, allowing everybody to choose just what they need. The **BMW ConnectedDrive Services & Apps** provide greater flexibility by networking the driver, car and the outside world. The **BMW ConnectedDrive driver assistance systems** make every drive in a BMW both safer and more convenient. Intelligent systems make the driver's job easier and minimise the risk of accidents.

All the right info in view. The optional full-colour BMW Head-Up Display² projects relevant driving information directly into the driver's line of sight, allowing the driver to concentrate more closely on the road ahead. The display includes information such as the current speed, navigation directions, Speed Limit Info incl. no-overtaking indicator, along with telephone and entertainment lists.

Music to go. To ensure that every trip in your BMW becomes an unforgettable experience, the vehicle comes with music apps that play the right song for every occasion. Whether commuting to work, going shopping or heading off on holiday, you can compile your own radio station, choose between a huge array of audio books or stream your own music – all from the comfort of your BMW with the BMW ConnectedDrive Services optional equipment.

Always puts you on the right track. The feature Driving Assistant Plus comprises not only Approach Control Warning and Lane Departure Warning but also Active Cruise Control with Stop&Go function and the Traffic Jam Assistant. In this way, Driving Assistant Plus enhances driving safety and comfort when driving on motorways. Navigation System Business or Professional is a prerequisite.

² The information displayed is not fully visible when wearing polarised sunglasses. The exact content shown on the BMW Head-Up Display will depend on the equipment options chosen. Further optional equipment is required for content to be displayed.

Chassis.

A solid foundation for superior driving dynamics.

The BMW X4 features a wide range of innovative technologies to make sure you enjoy every drive to the full. Many of these systems are intelligently interconnected and it's this level of integration that delivers the best possible safety, together with maximum driving pleasure – on every road, every curve and at every second.

THE BMW PERFORMANCE CONTROL.

The standard BMW Performance Control intervenes via engine control and controlled braking when turning, so that more power is distributed to the outer wheels and less to the inner wheels. This means that the vehicle practically turns itself, thus increasing driving safety and comfort.

The standard **Driving Experience Control** lets the driver choose between the regular COMFORT mode, the ECO PRO mode, geared towards efficiency, or the SPORT mode. The SPORT mode is activated via the Driving Experience Control in the centre console. This is a pre-defined configuration of significantly more dynamic engine and suspension settings, making the engine even more responsive, the variable sport steering more direct and – in models with Steptronic transmission – ensuring that the gears are shifted at higher rpms for much sportier handling.

Standard **variable sport steering** with Servotronic enables a direct and agile driving style with less physical effort when steering. This improves handling when using a sporty driving style as well as comfort during parking and turning.

The optional **Dynamic Damper Control** makes it possible to adjust the damper characteristics to suit any given driving situation, thereby increasing comfort and driving dynamics. In addition to the standard COMFORT setting for high driving comfort, there are two other modes available, SPORT and SPORT+, for an even sportier driving style.

The standard intelligent **BMW xDrive all-wheel drive system** smoothly distributes variable drive power to the front and rear wheels for maximum traction, directional stability and safety in every driving situation.

The rigidity of the **five-arm rear axle** enables precise wheel control – a requirement for exceptionally dynamic driving. The axle is also excellently designed for comfortable coasting. The flat design with widely placed spring struts allows for an even luggage compartment with a large loading width.

Safety.

Unparalleled safety with the latest BMW technology.

The BMW X4 is equipped with cutting-edge technologies for every eventuality. Superb handling and innovative equipment come standard. BMW drivers benefit from the very latest technologies that provide optimal support at all times. You'll feel safe and protected, no matter where your journey takes you.

The BMW X4 stands out from the crowd for many reasons, not least due to its exceptional level of safety. Its extremely stable passenger cell offers the ultimate in protection and comfort on all trips, allowing the driver of the BMW X4 to confidently unleash its full dynamic potential. Should, for example, the vehicle ever lose its grip on the road for even a fraction of a second, Dynamic Stability Control (DSC) assumes control by automatically compensating for the loss of traction, thus preventing the vehicle from swerving.

■ **Passenger cell:** The system of beams and node connections in the functionally constructed body structure, combined with the strategic deployment of high-strength materials, delivers maximum passive safety in the event of front, side or rear crashes.

■ **Dynamic Stability Control (DSC)** continually assesses the vehicle's movements and optimises directional stability and traction when necessary by intervening in engine and brake management. This makes it much easier to control the vehicle, even on difficult surfaces, as well as actively increases driving safety.

■ **Airbags for the driver and front passenger** are an integral part of the optimally coordinated safety components in a BMW. Driver and front passenger airbags, as well as the side airbags integrated into the front seat backrests, provide strategic protection.

□ **Adaptive headlights** with variable city and motorway light distribution, including BMW Selective Beam (anti-dazzle High-Beam Assistant) and cornering lights, actively help increase driving safety by optimally illuminating the road ahead. When the steering wheel is turned, the headlights also turn to give the driver a better view of the bend ahead.

■ **Runflat tyres** feature reinforced side walls so they don't loosen from the rim if the air pressure drops, making it possible to continue driving to the nearest repair shop.

□ **Approach Warning**, which is part of the optional Driving Assistant package, is a camera-based safety function that detects vehicles in front and warns the driver when they are too close to the car.

INDIVIDUALITY AND VERSATILITY.

EQUIPMENT: BMW xLine, M Sport package and BMW M Performance Automobiles, equipment highlights, wheels and tyres and Original BMW Accessories.

COLOURS: Exterior and interior colours schemes.

TECHNICAL DATA: Vehicle weight, engine, transmission, driving performance, fuel consumption, wheels and technical drawings.

BMW SERVICE: BMW Service, BMW Financial Services and BMW Experience.

BASIC.

Basic line with comprehensive standard equipment, including:

- 18" light alloy wheels V-spoke style 307
- Xenon light including four LED light rings for parking and daytime running lights and rear lights with LED technology
- LED fog lights
- Sport leather steering wheel (optionally available with multifunction buttons), black, with Pearl-Gloss Chrome inlay
- Variable sport steering, incl. Servotronic
- Intelligent BMW xDrive all-wheel drive system
- Performance Control (for improved driving dynamics on curves)
- Driving Experience Control, incl. ECO PRO
- Radio BMW Professional, incl. 6.5" Control Display and iDrive Controller
- Through-loading system with 40:20:40 split for rear seat backrests
- Park Distance Control (PDC) rear
- Automatic tailgate operation (with electronic opening and closing)
- Side window frames in satin-finish aluminium

01

02

03

[01] The BMW X4 in optional Glacier Silver metallic paint finish and optional 18" light alloy wheels Double-spoke style 605. **[02]** Standard 18" light alloy wheels V-spoke style 307, 8 J x 18 with 245/60 R 18 tyres. **[03]** The driver-oriented cockpit is standardly equipped with Radio BMW Professional with a 6.5" Control Display, one-zone automatic air conditioning, the Sport leather steering wheel (shown here with the optional multifunction buttons) and interior trim in matt Satin Silver.

xLINE.

■ Standard equipment □ Optional equipment

Interior equipment features:

- Door sill finisher with "BMW xLine" lettering
- Seats in cloth/leather upholstery 'Carve' in Amber/black with Active Red contrast stitching
- Seats in leather 'Nevada' Ivory White¹, Mocha or black (each with appliqué and embossing on the headrests) or leather 'Nevada' beige, Saddle Brown or Oyster
- Interior trim in high-gloss Dark Copper
- Fine-wood interior trim in Finesline Anthracite, Finesline light or Burled Walnut – each with Pearl-Gloss Chrome accent line, or interior trim in Fine Brushed Aluminium
- Loading sill trim in stainless steel
- Car key with satinised Aluminium detailing

Exterior equipment features:

- 18" light alloy wheels Y-spoke style 607
- 19" light alloy wheels Y-spoke style 608 with mixed tyres
- Kidney grille in satin-finish Aluminium
- Front and rear underbody protection and design elements in the right and left air inlets in satin-finish Aluminium
- Side sills in satin-finish Aluminium
- B and C-pillars in high-gloss Black
- Tailpipes in satin-finish aluminium

01 ■

02 ■

03 ■

04 □

05 □

[01 / 02] Distinctive satin-finish aluminium elements make the xLine exterior equipment package really stand out. They add a distinctive look to the kidney grille, the underbody protection in the front and rear, as well as specific design element touches in the right and left air inlets. **[03]** 18" light alloy wheels Y-spoke style 607, 8 J x 18 with 245/60 R 18 tyres. **[04]** 19" light alloy wheels Y-spoke style 608 with mixed tyres, front 8.5 J x 19, with 245/45 R 19 tyres, rear 9.5 J x 19 with 275/40 R 19 tyres. **[05]** The cockpit with its centre console angled towards the driver is a classic example of driver-oriented BMW design.

¹ Only in conjunction with the sport seats for driver and front passenger.

M SPORT PACKAGE.

powered by 

■ Standard equipment □ Optional equipment

Interior equipment features:

- Door sill finishers in aluminium with the 'M' logo
- Sport seats for driver and front passenger in cloth/leather upholstery 'Pearlpoint' Anthracite
- Seats in leather 'Nevada' Ivory White or Mocha (each with appliqué and embossing on the headrests), or leather 'Nevada' black, beige, Oyster or Saddle Brown
- Interior trim in Fine Brushed Aluminium
- Interior trim in Finesline Anthracite, Finesline light or Burled Walnut, each with Pearl-Gloss Chrome accent line
- BMW Individual roofliner in Anthracite
- M leather steering wheel with multifunction buttons
- M gear lever (only in conjunction with a 6-speed manual transmission) and M footrest
- Car key with blue detailing

Exterior equipment features:

- 18" M light alloy wheels Star-spoke style 368 M
- 19" M light alloy wheels Double-spoke style 622 M with mixed tyres, or 20" M light alloy wheels Double-spoke style 310 M with mixed tyres
- M Aerodynamics package with front and rear bumpers in the body colour, diffuser insert in Dark Shadow metallic
- BMW Individual Shadow Line with trim strips, side frames, window recess finishers and exterior mirror base and frame in high-gloss Black
- BMW Individual Exterior Line incl. trim strips and window recess finishers in satin-finish Aluminium
- 'M' logo on the sides
- Sill cover, wheel arch trim and door trim in body colour
- Exclusive paint finish in Carbon Black metallic or Black Sapphire metallic, Glacier Silver metallic, Melbourne Red metallic or Sophisto Grey metallic
- Paint finish in Alpine White non-metallic

[01 / 04] The BMW X4 xDrive30d pictured here in Alpine White non-metallic paint finish is equipped with the optional 19" M light alloy wheels Double-spoke style 622 M with mixed tyres. **[02]** Sport seats for driver and passenger in optional black leather 'Nevada' offer perfect lateral support and great comfort. **[03]** Design that's as dynamic as the car – the M door sill finisher with 'M' logo.

[05] 20" M light alloy wheels Double-spoke style 310 M with mixed tyres, front 8.5 J x 20 with 245/40 R 20 tyres, rear 10 J x 20 with 275/35 R 20 tyres. **[06]** 18" M light alloy wheels Star-spoke style 368 M, 8 J x 18 with 245/50 R 18 tyres. **[07]** The M leather steering wheel features multifunction buttons, more pronounced thumb rests and a thicker rim for better grip.

THE BMW X4 M40i. M GENE INCLUDED.

The **BMW X4 M40i** consolidates the experience of the BMW M engineers in one vehicle with exceptional drive, athletically precise handling and an exclusive design. Its M Performance TwinPower Turbo 6-cylinder inline petrol engine delivers a powerful 265kW (360hp) with a maximum torque of 465Nm – accompanied by the unique sound of the flap-operated sports exhaust system with tailpipes in black Chrome on both sides. Model-specific settings for the intelligent four-wheel drive xDrive, the sporty suspension settings with variable damper control and the exclusive 20" M light alloy wheels Double-spoke style 680 M with high performance tyres (optionally available) ensure the absolute maximum in driving dynamics. The Ferric Grey metallic finish exterior mirrors, kidney grille slats and air inlet elements as well as the M Aerodynamics package with enlarged air inlets and a rear apron with diffuser insert all underline the athleticism of the vehicle. The interior impresses all with its sport seats for the driver and front passenger, M leather steering wheel and interior trim finishers in Aluminium.

[01] Sport leather steering wheel, black, three-spoke, with trim in Pearl-Gloss Chrome (shown here with optional multifunction buttons). **[02]** The M leather steering wheel features multifunction buttons, more pronounced thumb rests and a thicker rim for better grip. **[03]** The multifunction buttons on the steering wheel can be used to operate the telephone, voice control and audio functions, as well as the Cruise Control. **[04]** The sport seats for the driver and front passenger provide optimum lateral support by allowing adjustment of the backrest width, fore-and-aft position, seat height, the angle of the backrest and the seat angle. **[05]** The 8-speed Steptronic Sport transmission allows for both comfortable coasting and a dynamic driving style (standard with X4 xDrive28i, X4 xDrive35i, X4 xDrive30d, X4 xDrive35d and X4 M40). **[06]** The Driving Experience Control lets the driver choose between the standard COMFORT mode, the ECO PRO mode, geared towards efficiency, and the SPORT mode. **[07]** The 8-speed Steptronic transmission offers smooth gear shifts and more comfortable driving at the same time as lower consumption, thanks to closely spaced gear ratios and small engine speed transitions (standard with X4 xDrive20i). **[08]** Dynamic Stability Control (DSC) constantly assesses the vehicle's movements and optimises directional stability and traction.

[09] The single-zone automatic air conditioning including air recirculation and microfilter ensures a pleasant interior temperature at all times. **[10]** Automatic air conditioning with two-zone regulation, Automatic Air Recirculation (AAR), microfilter, fogging and solar sensors, and centre console in Black Panel. **[11]** The seat heating for the driver and front passenger enables the entire seat and backrest surface to be heated, including contours. **[12]** There are two cupholders in the front. **[13]** Lights package, LED in part: reading lights, vanity mirror lights, footwell illumination, two-colour Ambient light (shown above) and more. **[14]** The electronic seat adjustment makes operation easier and the memory function allows users to save their desired settings for the driver's seat and exterior mirrors. The lumbar support for the driver and front passenger seats can be adjusted up and down at the push of a button, allowing for an orthopaedically optimised seating position. **[15]** Two side compartments each capable of storing a 1-litre bottle offer practical storage possibilities. **[16]** Instrument cluster with four analogue dials showing speed, rpm, and engine coolant temperature, as well as the 2.7" Info Display. **[17]** The through-loading system includes a dividable rear seat backrest (40:20:40 split), a centre armrest with integrated storage compartment and two cup holders.

EQUIPMENT HIGHLIGHTS.

■ Standard equipment □ Optional equipment

[01] Park Distance Control (PDC) at the front and rear (standard; PDC at the rear) makes parking and manoeuvring much easier by giving acoustic warning signals and instructions in the Control Display. **[02]** Speed Limit Info incl. no-overtaking indicator provides information on speed limits as well as no-overtaking zones. **[03]** The Rear view camera shows the area behind the car on the Control Display. Interactive track lines and markings showing obstacles also assist the driver. **[04]** The Lane Change Warning detects other vehicles when you indicate a lane change and warns the driver through a vibration in the steering wheel and a triangular warning symbol on the exterior mirrors. **[05]** The full-colour BMW Head-Up Display¹, full colour, projects relevant information into the driver's field of vision, incl. instrument cluster with 9.2" info display. **[06]** Surround View is a visual parking aid: it uses built-in cameras to show the area around the car (360°) on the Control Display. **[07]** Driving Assistant combines the Lane Departure Warning and Approach warning systems. **[08]** The Parking assistant makes parallel parking easier. It does the steering while the driver remains in control of the accelerator and brake. **[09]** Driving Assistant Plus (only available with Steptronic transmission) incl. Approach and Lane Departure Warning, Active Cruise Control with Stop&Go function.

[10] Automatic tailgate operation allows the tailgate to be opened electronically. Simply press a button. **[11]** Double tailpipes, circular, on the left side, with chrome trim (standard for X4 xDrive28i, X4 xDrive35i, X4 xDrive30d and X4 xDrive35d). **[12]** Tailpipes, visible, oval, on the left side, with chrome trim (standard for X4 xDrive20i and X4 xDrive20d). **[13]** The Comfort access system allows the driver to open the doors and start the engine without using the car key. **[14]** The storage package includes a storage compartment and 12V sockets as well as a storage net, fastening strap, hooks, lashing rails and fastening points in the luggage compartment.

¹ The information displayed is not fully visible when wearing polarised sunglasses. The exact content shown on the BMW Head-Up Display will depend on the equipment options chosen. Further optional equipment is required for content to be displayed.

¹ X4 xDrive20i standard with eight-speed Steptronic transmission; X4 xDrive28i, X4 xDrive30d, X4 xDrive35i and X4 xDrive35d standard with eight-speed sport Steptronic transmission.
² The figure quoted includes a 90% full tank, 68kg for the driver and 7kg for luggage. Unladen weight applies to vehicles with standard equipment. Optional equipment will increase this figure.
³ The actual overall trailer weight may not exceed the max. permitted trailer load, while taking into account the max. permitted tow bar download. The max. trailer load of 2400 kg only applies in conjunction with a factory-fitted trailer tow hitch and automatic transmission.
⁴ BMW recommends the use of RON 95 super unleaded petrol. Unleaded fuels 91 RON and higher with a maximum ethanol content of 10% (E10) may also be used. Output and fuel consumption figures apply to RON 98 fuel.

⁵ All engines comply with the EU6 emissions standard. Fuel consumption figures are determined according to the ECE driving cycle, which consists of approximately one-third urban traffic and two-thirds extra-urban driving (based on the distance covered). CO₂ emissions are measured in addition to fuel consumption. Fuel consumption and CO₂ emissions output are affected by the selected wheel and tyre sizes. Optional equipment may increase these figures.

Values in [] refer to the X4 xDrive20d with eight-speed Steptronic transmission.

WELL TAKEN CARE OF WITH BMW SERVICES:

When you buy a BMW, you can look forward to superb service and comprehensive customer care. For example, the **Condition Based Service** independently tracks both service fluid levels and the condition of parts subject to wear and then notifies you in the display when the vehicle requires servicing. So you only need to go to your BMW service partner when it's really necessary. When you do go, our

qualified BMW service specialists take care of your vehicle using the newest workshop technology and only **original BMW parts**. This service is available worldwide in more than 3,300 BMW service partner establishments in over 150 countries, to provide you with limitless driving pleasure.

BMW SERVICE.

BMW Service Inclusive*: The BMW Service Inclusive service packages ensure that costs for maintenance, inspection and worn parts are covered for the duration of your contract, allowing you to focus on unlimited driving pleasure. This service is available worldwide from all participating BMW service partners. For more information please visit www.bmw.com/serviceinclusive

BMW Guarantee extension: The BMW guarantee extension packages offer extended protection for your newly purchased BMW, in addition to the legal guarantee period. So you can enjoy another three years of carefree driving (up to the vehicle's 5th year). Find out more at www.bmw.com/serviceinclusive

BMW Mobile Service*: This service is there for you in case of a breakdown, day and night. Specially trained BMW technicians do everything necessary, on the phone or on-site, to get your car back on the road as fast as possible. We offer a comprehensive country-specific mobility package for breakdowns and insurance that covers you in the event of an accident or theft. And in case of an accident, call us at the BMW accident hotline! We'll take care of calling the police, an ambulance, a tow truck, a replacement car, notifying your insurance company and much more. For more information visit www.bmw.com

BMW Teleservices*: With Condition Based Service, you'll be automatically notified in the display of your next necessary service appointment. Provided you've consented, the most important vehicle data required for analysis will be relayed to BMW automatically. Your assigned BMW service partner will access the information and contact you free of charge to make a service appointment – if one is necessary. To access BMW Teleservices, the vehicle must be equipped with the optional Intelligent Emergency Call or ConnectedDrive Services. If necessary, the service can be deactivated at any time. For more on this topic please visit www.bmw.com/teleservices

BMW Financial Services: Tailor-made finance: BMW Financial Services offers you attractive leasing, finance and insurance packages. For further information visit www.bmwfs.com or ask your local BMW partner to make you an individual offer.

THE BMW EXPERIENCE.

BMW TV*: www.bmw.tv enables you to experience the BMW brand in all its diversity. Features, portraits and background reports provide you with information on automobiles, innovations, sports and lifestyle topics.

BMW Driving Experience: The better you control your BMW, the more enjoyment you will derive from driving it. Use our training courses to learn for yourself what it means to reach a car's physical limits on various types of surfaces, and what you have to do to control your vehicle even in extreme situations. For further information please visit www.bmwdrivingexperience.com

BMW Welt: Collecting a new car at BMW Welt ranks among the best moments any driver can experience. Turn this moment into an unforgettable day, and make the handover of your new BMW part of a unique programme of activities tailored to your personal preferences. With the BMW Plant, the BMW Museum and the BMW Group Headquarters, you will be surrounded by fascinating history, a breathtaking present and spectacular visions of the future. Find out more at www.bmw-welt.com/en

BMW Magazine: In BMW Magazine, experience the newest BMW models in front of stunning backdrops. Discover new design trends, travel destinations and the richness of modern life. Encounter people with visionary ideas who are changing the world. Find out more at www.bmw.com/magazine

* May not be available in all countries. Please consult your BMW partner.

SHAPING THE FUTURE – RESPONSIBLY.

In 2014, the BMW Group was once again ranked the most sustainable car manufacturer in the world by the Dow Jones Sustainability Index. It is the only automotive company to have featured on the renowned index every year since its inception. The development of efficient vehicle concepts and eco-friendly production processes, up to and including recycling, is an integral part of our engineering philosophy. BMW EfficientDynamics standards have enabled us to cut the CO₂ emissions of our fleet of new vehicles in Europe by more than 30% between 1995 and today. We're also aiming to reduce the amount of resources such as water and energy used in production by 45% between 2006 and 2020. Production at our engine plant in Steyr has been waste-water free since 2007. And of course each of our vehicles is designed for easy and economical recycling after its long running life. Please contact your BMW partner on all matters regarding your end-of-life vehicle. For further information please visit our websites.
